How do I see myself?

I am a self-motivated machine learning engineer and researcher. As a researcher, I strive to enable real-world deployment of machine learning models that people can trust. As an engineer, I want to use my machine learning skills to assist people in their daily routine tasks.

Education

Sep 2023 – Ongoing	University of New South Wales (UNSW), Sydney, Australia <i>PhD in Computer Science and Engineering</i> <ul style="list-style-type: none">Research focuses on Trustworthy Machine Learning
Sep 2017 – Aug 2019	National University of Sciences and Technology (NUST), Islamabad, Pakistan <i>Master of Science in Electrical Engineering (CGPA: 4.0/4.0)</i> <ul style="list-style-type: none"><u>Thesis Title</u>: “Analyzing the Security Vulnerabilities of Deep Neural Networks: Attacks and Defenses”
Sep 2013 – Aug 2017	University of Engineering and Technology (UET), Lahore, Pakistan <i>Bachelor of Science in Electrical Engineering (CGPA: 3.645/4.0)</i>

Work Experience

Sep 2021 - Sep 2023	Information Technology University (ITU) <i>Research Assistant</i> <ul style="list-style-type: none">Human-centric Robust ML-driven IoT Smart Services
Jan 2021 - Nov 2021	Information Technology University (ITU) <i>Research Assistant</i> <ul style="list-style-type: none">Mitigating Anti-social Behavior through Beneficial AI

Tools and skillset

- Python, PyTorch, TensorFlow (last 5 years)
- Java, C, MATLAB, Verilog, VHDL, HTML

Publications
